

Karen Austin

I've worked in the insurance industry for a number of years, firstly for a major insurer and in more recent years for Amicus Brokers. Having worked 'both sides of the fence', I now fully appreciate the value of working with a Broker for your business and farm insurance needs. As such I am committed to providing a professional level of service, whilst working with our comprehensive list of insurers to present you with a competitive and appropriate insurance solution.

It is my ongoing commitment to keep my professional development and insurance knowledge up to date, by undertaking continuing education. Currently I am in the final stages of an Insurance Broking Diploma, via the The Australian and New Zealand Institute of Insurance and Finance. I am also a member of The Insurance Brokers Association of New Zealand Inc. (IBANZ) is New Zealand's professional body representing the interests of fire and general insurance brokers, risk managers and consumers in New Zealand.
